

UMBRELLA ACADEMY

Hybrid Learning Program

Flexible Enrollment Options · 2026/2027 · Scottsdale, AZ

At Umbrella Academy, we believe great education meets families where they are. Our **Hybrid Learning Program** gives students the best of both worlds — rich, hands-on campus life combined with the flexibility of structured home learning. Two options, one extraordinary education.

OPTION	ANNUAL TUITION
A	\$14,800/yr
DAYS ON CAMPUS 2 DAYS AT HOME	ESA: ~\$7,000 · Out-of-pocket: \$7,800
	Monthly: ~\$650 / month

3 Days On Campus + 2 Days Home — Our most popular hybrid option.

MON CAMPUS	TUE CAMPUS	WED CAMPUS	THU HOME	FRI HOME
----------------------	----------------------	----------------------	--------------------	--------------------

Three flexible campus days each week — choose which days work best for your family. On campus days, students enjoy the full Umbrella Academy experience: morning meetings, all core subjects, Cassie's organic lunch, outdoor projects, yoga, life skills, and community time with their peers.

On home days, students follow a structured curriculum with **IXL**, teacher-assigned worksheets, and guided independent projects. Progress is tracked through IXL data and weekly packets, with updates shared directly to families via **Brightwheel**.

A

WHAT'S INCLUDED — OPTION A*3 Days Campus + 2 Days Home*

- ✓ **Campus Days (3/week)** — Full school day — all classes, meals, projects, community
- ✓ **Cassie's Organic Lunch** — Homemade, healthy lunch on every campus day

HOW HOME LEARNING WORKS

On home days, students are not left to figure it out alone. Umbrella Academy provides a **complete, structured learning framework** that makes home days purposeful, measurable, and genuinely educational.

◆ IXL Learning Platform

Students log in to IXL for personalized, adaptive math and language arts practice. IXL adjusts to each student's level in real time, ensuring they are always challenged and never overwhelmed. Parents can monitor progress through the parent dashboard.

◆ Weekly Learning Packets

Every Monday (or the first campus day of the week), students receive a curated packet of worksheets, reading assignments, and project prompts aligned to current curriculum topics. Packets are designed to take approximately 3–4 hours per home day.

◆ Teacher-Designed Daily Structure

Home days follow a recommended daily rhythm: morning independent reading → IXL session → worksheet work → afternoon creative or project time. This mirrors the flow of a campus day and builds healthy learning habits.

◆ Brightwheel — Our Communication Hub

Brightwheel is the heartbeat of communication at Umbrella Academy. Parents receive daily updates, photos, activity logs, and messages directly through the app. Teachers share progress notes, reminders, and announcements so families are always in the loop — whether their child is on campus or at home.

◆ Platform Access

All hybrid students receive full access to every school platform: IXL for adaptive math and literacy practice, the curriculum portal for weekly assignments and resources, Brightwheel for daily communication, and any additional digital tools introduced throughout the year. Login credentials and setup support are provided at enrollment.

◆ Progress Tracking

IXL provides real-time data on skill mastery. Teachers review this data alongside completed worksheets each week. Quarterly progress reports cover both campus and home performance in equal depth.

FREQUENTLY ASKED QUESTIONS

Q: Can we choose which days we come to campus?

A: Yes! Campus days are flexible and chosen in coordination with the school at the start of each term. We ask that your schedule remain consistent week-to-week to support classroom community and planning.

Q: Can my child switch between Option A and Option B?

A: Yes, with 30 days written notice. Families may transition between hybrid options once per semester, subject to availability.

Q: Does my child need a device at home?

A: Yes — a tablet or laptop with internet access is required for IXL and Brightwheel. The school can recommend affordable device options if needed.

**Q: Are hybrid students part of the full school community?**

A: Absolutely. Hybrid students attend PTO meetings, MAP testing, school events, and have full access to their cubby and campus spaces on their campus days. They are full members of the Umbrella Academy family.

Q: How does ESA work for hybrid enrollment?

A: Hybrid tuition is fully eligible for Arizona ESA funding. The school will assist families with ClassWallet setup and quarterly invoicing. The ~\$7,000 ESA contribution applies to both options, bringing your out-of-pocket cost to \$650/mo (Option A) or \$400/mo (Option B).

Q: What if my child struggles at home?

A: Our teachers monitor IXL data and worksheet completion closely. If a student shows signs of struggle, we will proactively reach out via Brightwheel, adjust the plan, and work with the family to find the right balance — including transitioning to full enrollment if needed.

Q: Is there a minimum age or grade requirement?

A: Hybrid programs are available for grades K–12. For students in K–2, we recommend Option A (3 campus days) to ensure strong foundational development.
